

One is fun!
Straight down
and then you're done.

Around and back
on a railroad track.
You made a two
just like that.

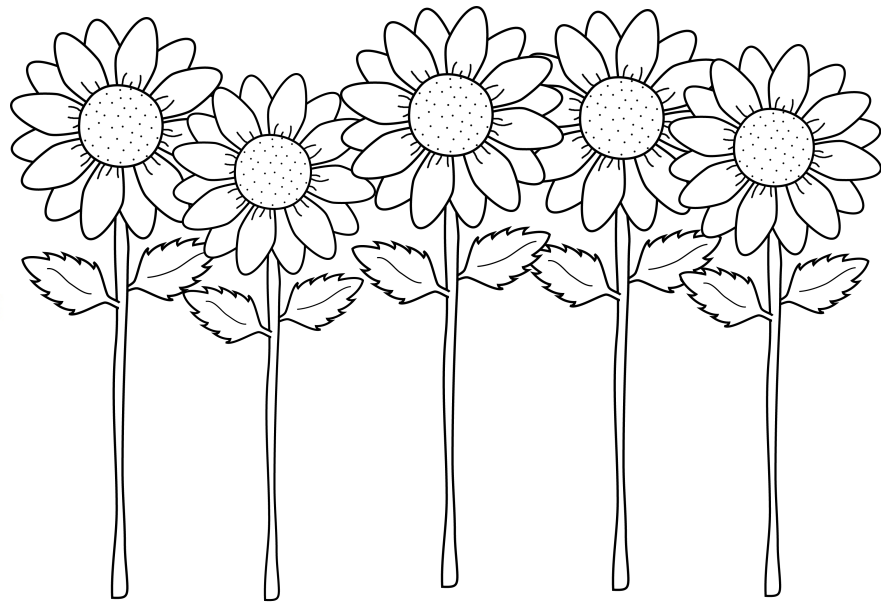

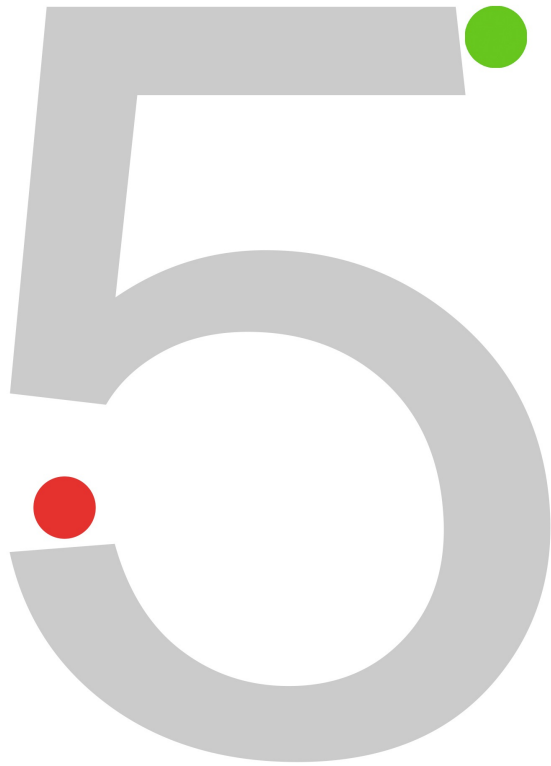

Around the tree,
around the tree
that's the way
to make a three.

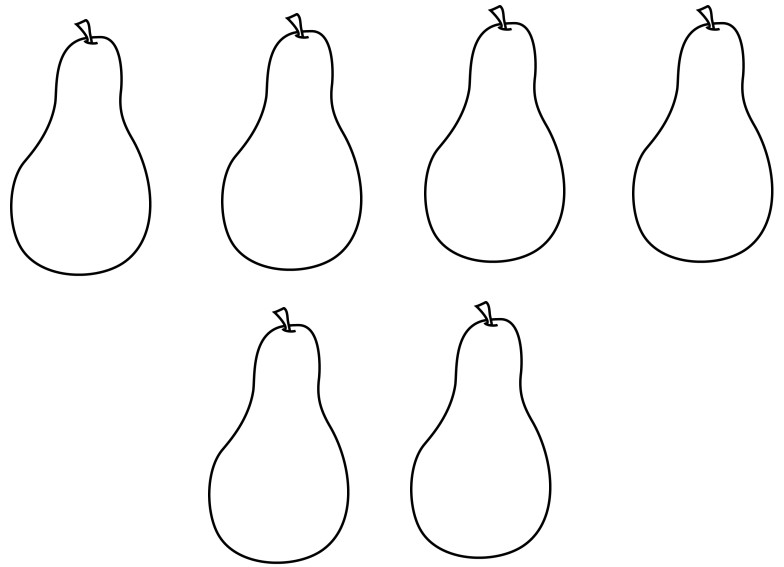

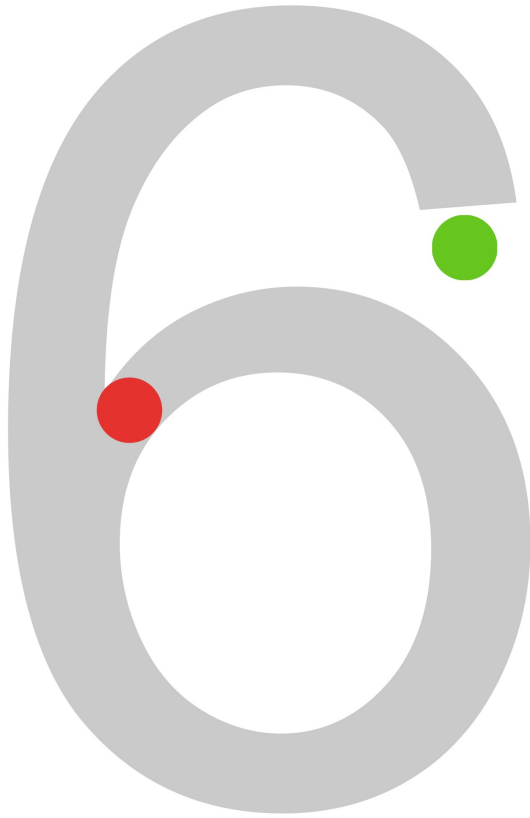

Down and over,
then down some more.

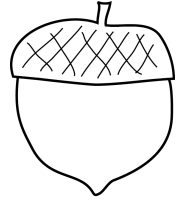

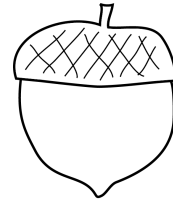

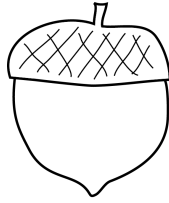

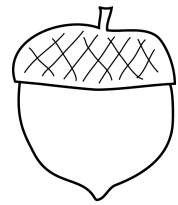

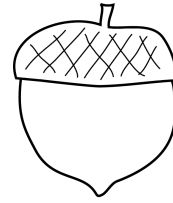

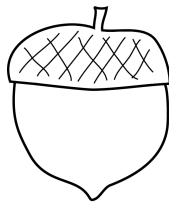

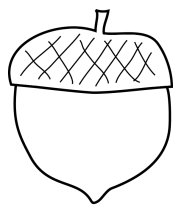

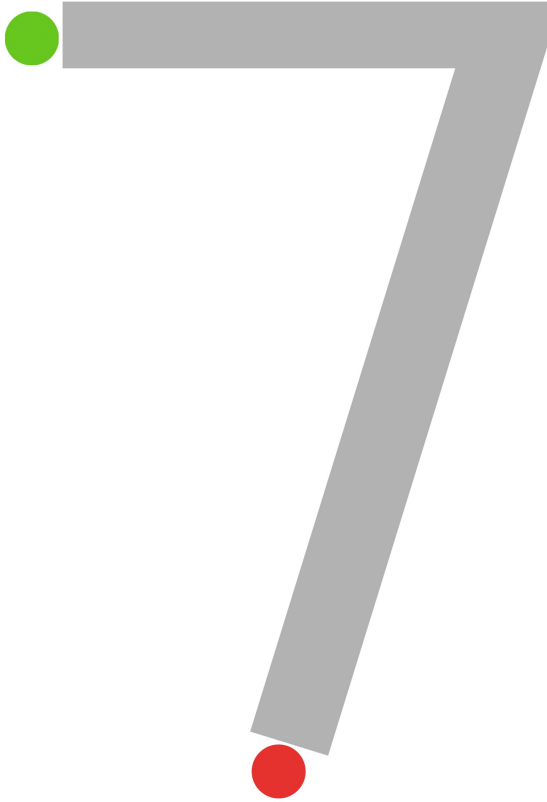

That is how
you make a four.

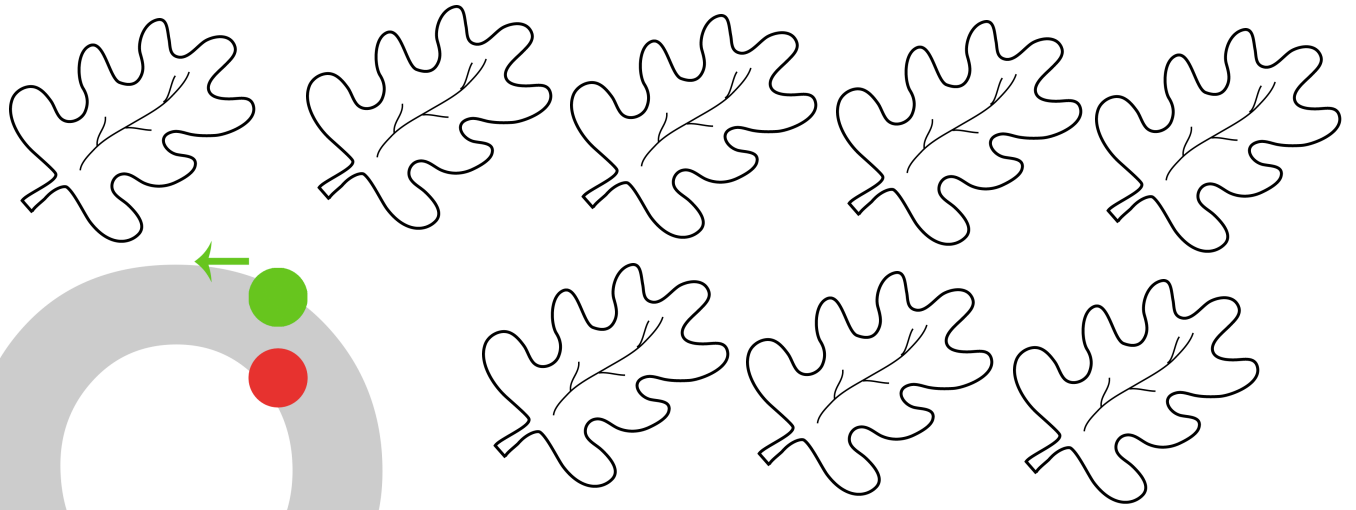

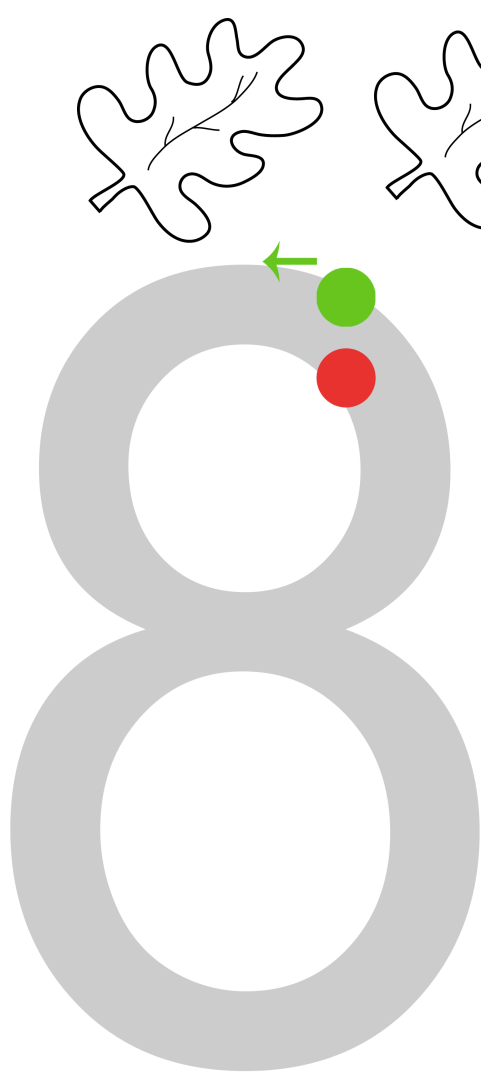

Go across
then take a dive.
Around the bend,
and that's a five.

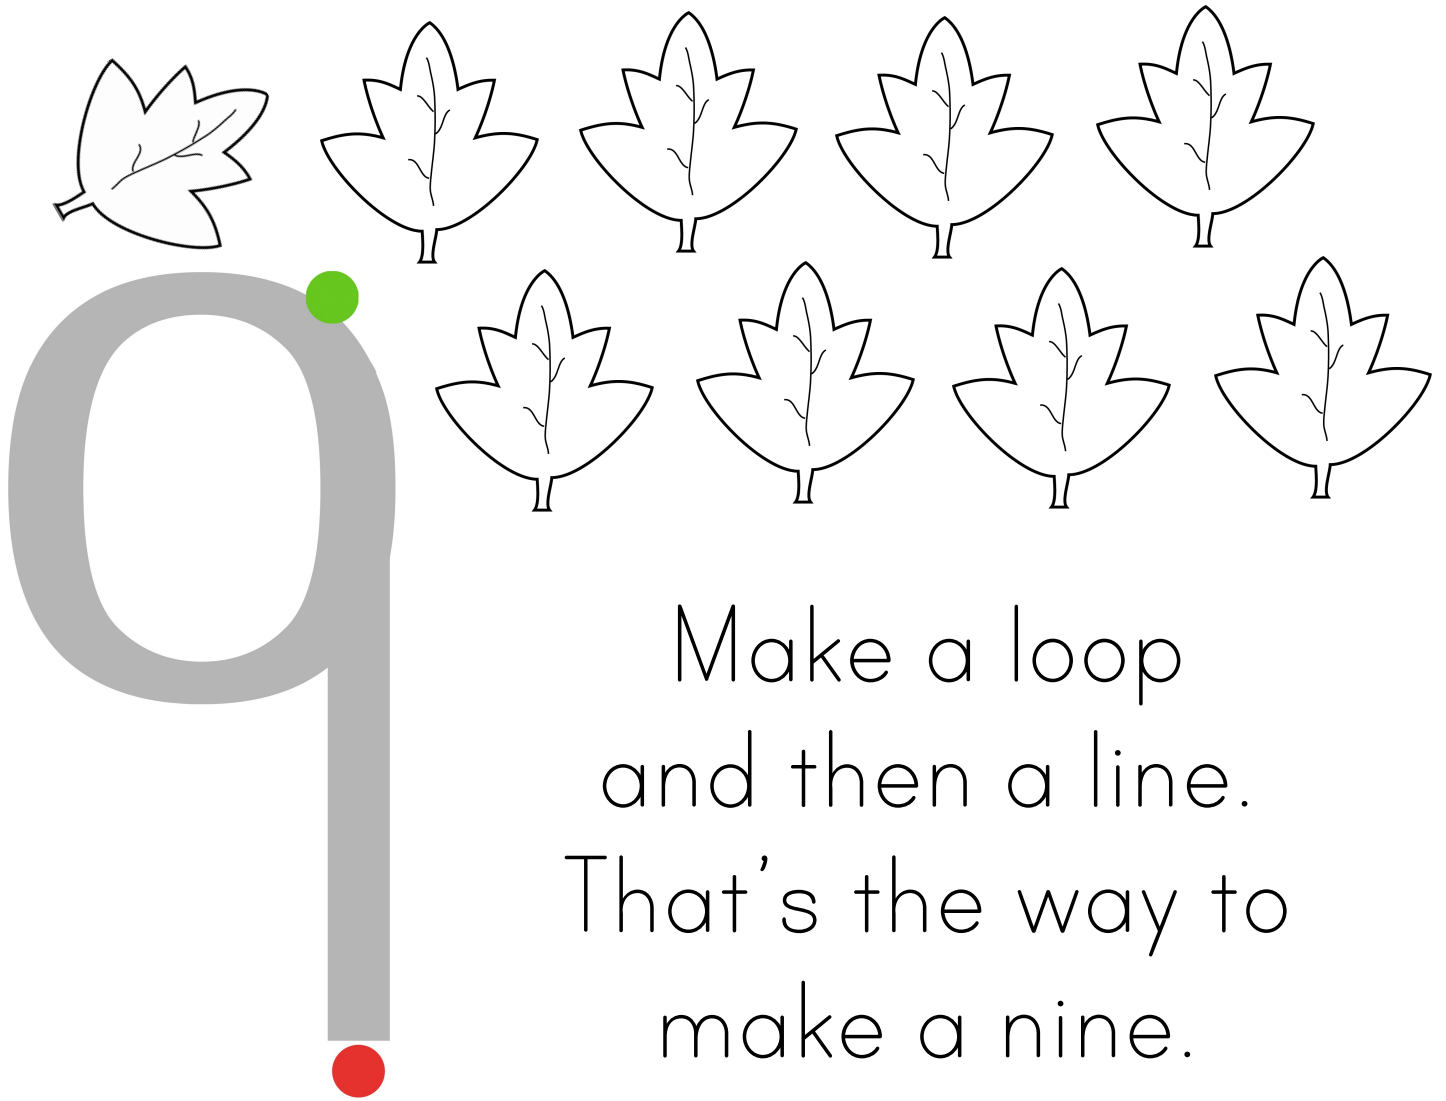

Roll a hoop
and make a loop.
Just that quick
you've made a six.

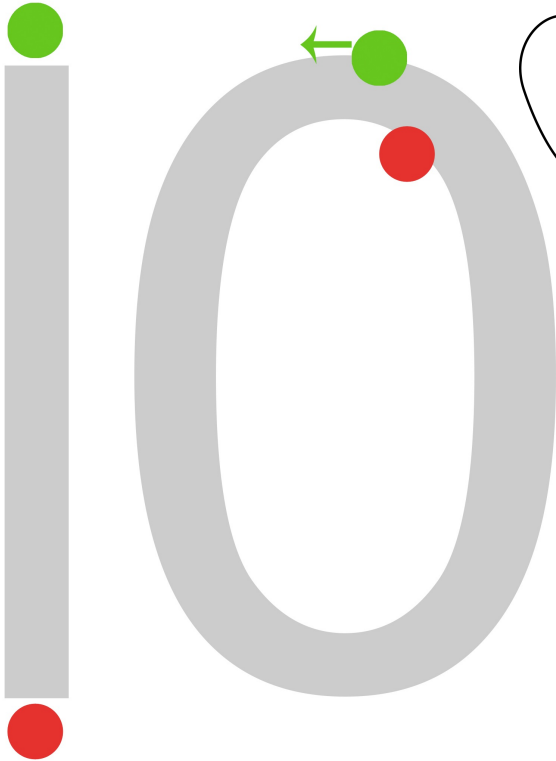

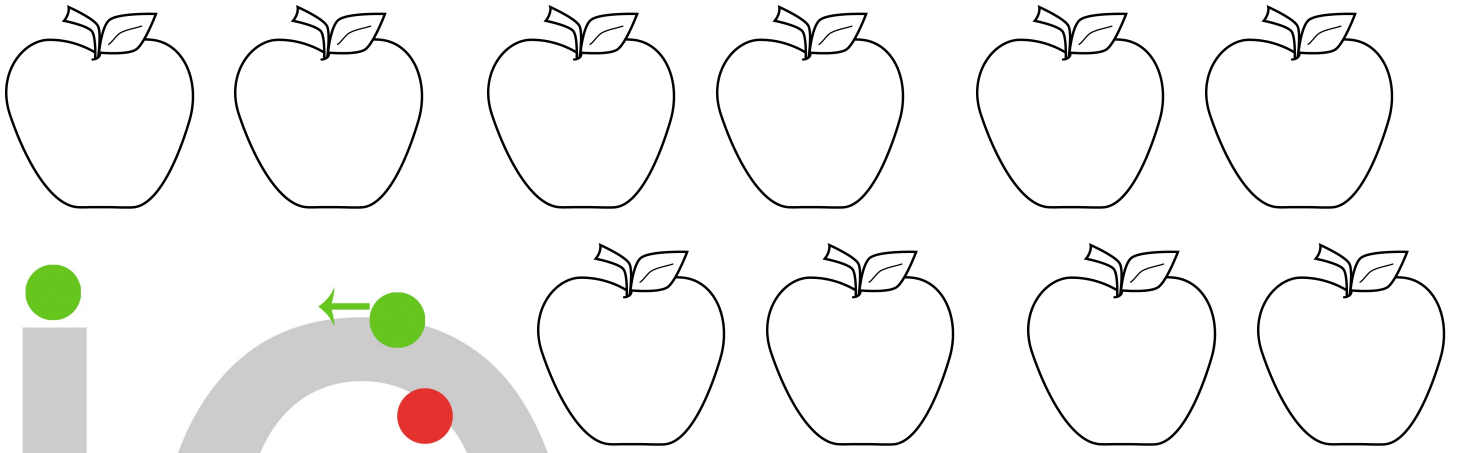

Straight across and
down from heaven.
That's the way you
make a seven.

Make an "s"
but don't you wait.
Go right back up
to make an eight.

Make a loop
and then a line.
That's the way to
make a nine.

Straight down.
Around to win.
That's the way you
make a ten.
